THE ORACLE

@THEORACLEMAGICIANS

The Oracle is run by the people who serve you.

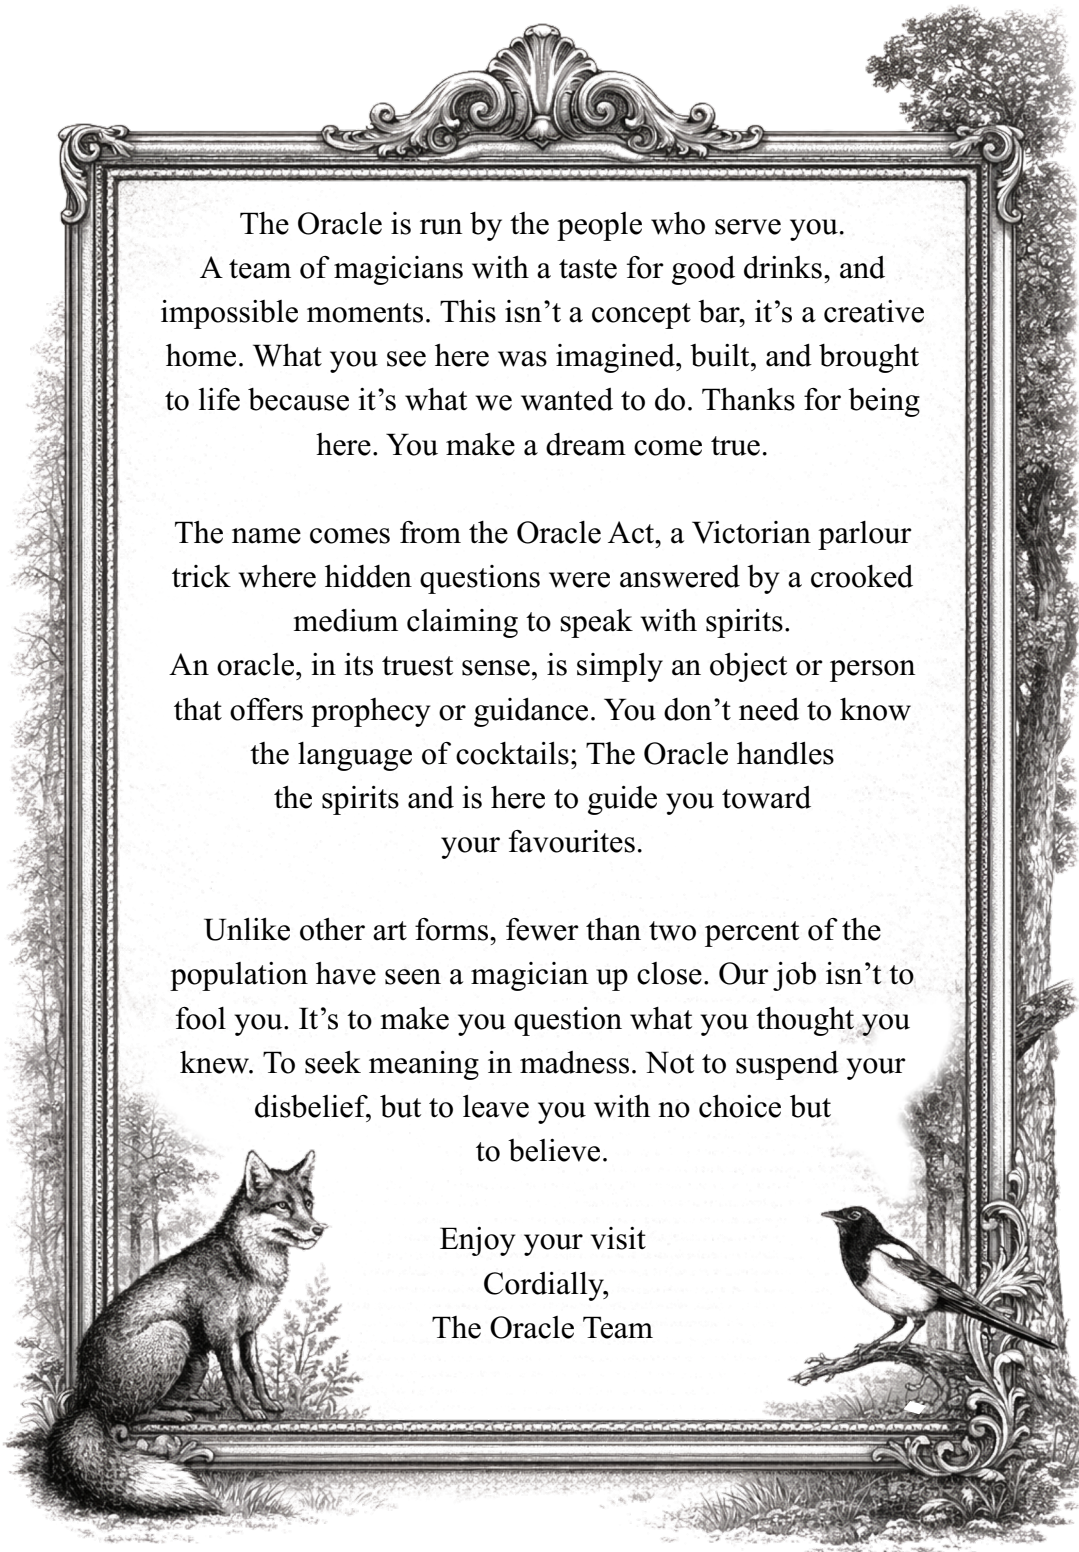

A team of magicians with a taste for good drinks, and impossible moments. This isn't a concept bar, it's a creative home. What you see here was imagined, built, and brought to life because it's what we wanted to do. Thanks for being here. You make a dream come true.

The name comes from the Oracle Act, a Victorian parlour trick where hidden questions were answered by a crooked medium claiming to speak with spirits.

An oracle, in its truest sense, is simply an object or person that offers prophecy or guidance. You don't need to know the language of cocktails; The Oracle handles the spirits and is here to guide you toward your favourites.

Unlike other art forms, fewer than two percent of the population have seen a magician up close. Our job isn't to fool you. It's to make you question what you thought you knew. To seek meaning in madness. Not to suspend your disbelief, but to leave you with no choice but to believe.

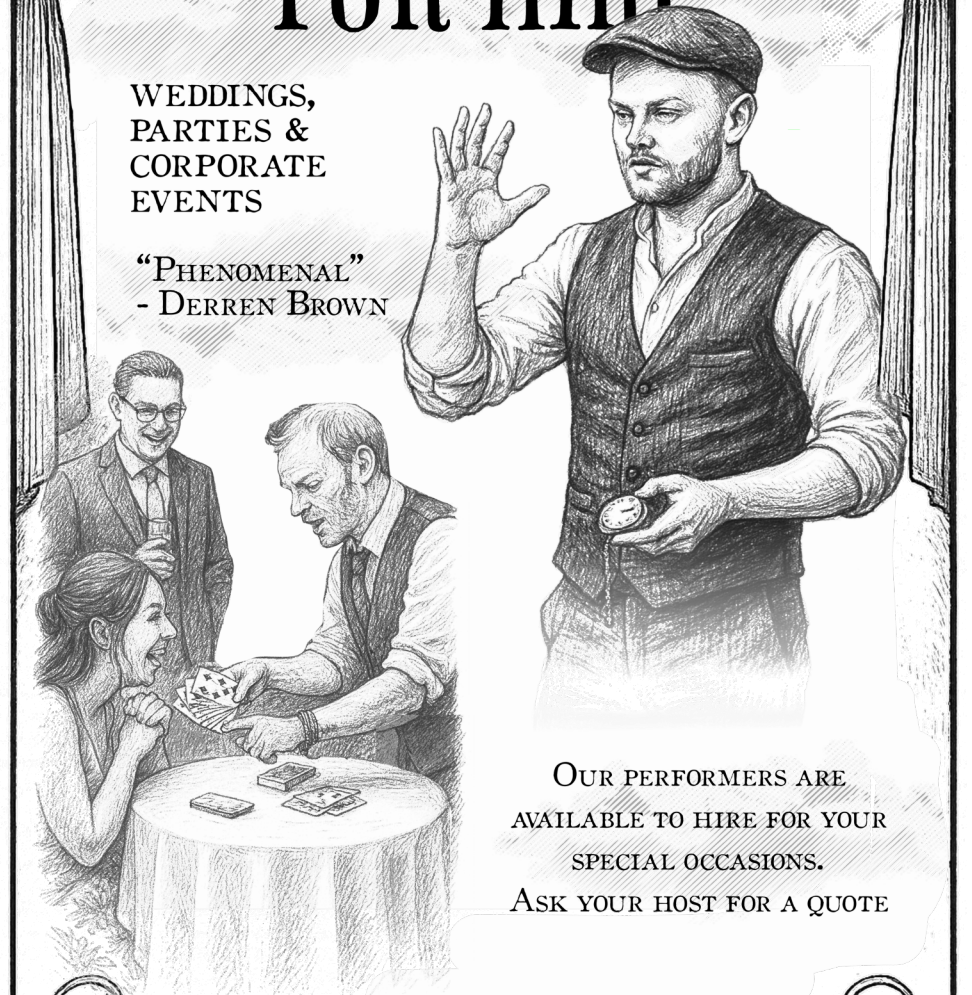

Enjoy your visit

HOUSE RULES

All players must abide by the rules of the house

1. You will meet at least one magician during your visit, so please ask before filming a performance.
2. Please tell us about any allergies before ordering. We can also provide many vegan alternatives or off-menu classics upon request.
3. Magicians thrive at welcoming tables and perform at their own discretion. Tips are welcome but never expected. Long live cash and freedom.
4. We will happily exchange a cocktail that is not to your taste, and you'll only be charged for the higher-priced drink. No swindlers, conmen, or scammers (we've got our own guys for that).
5. Magic is real. It's just not what you think it is.
6. If you ask us to 'Make your bill disappear', we reserve the right to double it.
7. When leaving, please close the front door behind you and when questioned by authorities, you saw nothing... got it?
8. Keep the secrets but spread the word. If you had a good time, tell someone you trust. If you didn't, tell us.

My dearest friend,

I must insist that you do not ask your host about the drink they call 'The Poison Chalice'. I can resist everything but temptation and during these trying times, my desires have once again defeated me. Curiosity led to this delirious morning and I urge you to stay away with all your might. I once wept for those with the misfortune to encounter nothing but water during their days, but now I anxiously await the news that you have, as expected, not learned from my mistakes.

Faithfully,

Benjamin
